SUMMARY:

Full-stack developer proficient in JavaScript, TypeScript, and the MERN stack, experienced in building scalable e-commerce platforms and real-time messaging apps. Passionate about creating responsive user experiences and solving performance challenges.

SKILLS:

- **Programming Languages:** JavaScript, TypeScript, Python, C/C++.
- **Frontend:** React.js,Responsive Design.
- **Backend:** Node.js, Express.js, RESTful APIs.
- **Database:** MongoDB.
- **DevOps & Tools:** Docker, Git/GitHub.

PROJECTS:

1. Scalable E-commerce Platform with Seamless User Experience

- **Live Demo**: https://e-commerce-app-six-plum.vercel.app
- **GitHub Repo**: https://github.com/Ballursajeed/E-Commerce-App
- Designed a **TypeScript-powered MERN stack e-commerce app** with features like user authentication, cart management, and admin dashboards.
- Integrated **Stripe API** for secure payments and built a **responsive React.js frontend**.
- Utilized **Node.js, Express.js**, and **MongoDB** for scalable and efficient backend processing.
- Implemented microservices architecture for **future scalability**, supporting high-traffic performance.

2. Dynamic Blogging Platform

- **Live Dem**o: https://blog-app-client-ks4w.onrender.com/
- **GitHub Repo**: https://github.com/Ballursajeed/Blog-App
- Implemented secure **user authentication** and **authorization** using **JWT tokens** to protect routes and ensure **role-based** access.
- Developed **CRUD operations** for blogs with rich-text editing, image uploads, and **user interaction** features (liking, commenting).
- Integrated **Redux** for efficient **state management** and optimized **backend APIs** using **Node.js** and **Express.js** for seamless data flow.
- Delivered a **responsive** and **user-friendly interface** with **React.js,** ensuring a **smooth experience across various devices**.

3. Real-Time Messaging App

- **Live Demo**: https://chat-app-client-h8ym.onrender.com/
- **GitHub Repo**: https://github.com/Ballursajeed/chat-app
- Developed **real-time messaging functionality** using **Socket.IO**, allowing instant communication between users.
- Implemented secure **user authentication** with **JWT tokens** to ensure safe access to chat features.
- Created a **simple yet effective interface** for **one-to-one chats**, focusing on smooth message delivery and notifications.
- Optimized the **backend** with **Node.js** and **Express.js** to handle user data and messages securely and efficiently.
- Delivered a **responsive** and **intuitive UI** with **React.js**, ensuring a seamless chat experience across devices.

EDUCATION:

- **Bachelor of Computer Applications (BCA)**

  Davanagere University — Graduated in August 2024 | **CGPA: 8.7/10**
